

Blood Tests

The practice runs a blood taking service for our patients. Our Phlebotomists are Mrs Sallyanne Dilley, Rebecca Dilley, Paige Boddice and Georgia King.

The clinic is an open clinic (no appointment required - unless for special blood test)

The times are 08.15 - 10.15 Monday to Friday

Special tests (e.g. Glucose tolerance tests) are arranged through our receptionists.

CHILDREN

The practice can take blood from *older children*.

Younger children can find the experience very frightening. In these case the practice will arrange for the blood test to be carried out by specialist phlebotomists at the Leicester Royal Infirmary
